--	--

Bill To	Navisync / Beren Therapeutics Launch Team / Adrabetadex
Scope	Navisync reimbursement, launch access, provider economics, and ARM training support
Hours	69.5
Rate	\$200.00 / hour
Total Due	\$13,900.00

Line Items

Date / time evidence	Project / deliverable	Hours	Rate	Amount
Mar. 29 11:26 PM - Mar. 30 10:05 PM EDT	Source review and initial client-facing reimbursement/access package: reviewed Beren deep-research and Adrabetadex PIE materials; drafted three reimbursement/access PDFs, Navisync-letterhead concept brief, and combined final PDF.	11.0	\$200.00	\$2,200.00
Apr. 9 12:29 PM - Apr. 13 7:38 AM EDT	Adrabetadex provider net-cost calculator executive slide/PDF; concise Navisync-branded presentation treatment, title-slide logo integration, PDF export, and reproducible deck script.	4.0	\$200.00	\$800.00
Apr. 17 2:31 PM EDT	Adrabetadex coding and reimbursement chain analysis: HOPD, drug-code, OPPS/pass-through, Spinraza analog, provider economics, and next-step launch-access note.	2.0	\$200.00	\$400.00
Apr. 19 2:30 PM - Apr. 23 9:48 AM EDT	Adrabetadex Provider Net Cost Recovery Calculator: six-tab workbook, scenario selector, formulas, active-source guardrails, implementation README, and ARM output PDF workflow.	9.0	\$200.00	\$1,800.00
Apr. 21 10:03 PM - Apr. 22 3:37 AM EDT	ARM training deck draft color/readability pass: table color system, cleaner scanability, and draft deck output from the training-guide source.	2.5	\$200.00	\$500.00
Apr. 22 3:22 AM - Apr. 22 9:18 PM EDT	Adrabetadex ARM training package and delivery bundle: fact matrix, provider billing reference, ARM training guide, full training deck, executive deck, workbook, and one-page PDF summary.	10.0	\$200.00	\$2,000.00
Apr. 23 9:36 AM - Apr. 23 10:09 AM EDT	Final Adrabetadex DOCX/PDF clean pass: hierarchy normalization, terminology cleanup, PDF conversion, and package tidying across the client-presentable and training-materials folders.	2.5	\$200.00	\$500.00

Line Items Continued

Date / time evidence	Project / deliverable	Hours	Rate	Amount
Apr. 26 6:22 PM - Apr. 26 8:23 PM EDT	MLR / client-facing concept brief: simplified Navisync-style calculator brief for Beren, Aetna example placement, DOCX/PDF iteration, and source-note support.	5.5	\$200.00	\$1,100.00
Apr. 27 9:17 PM EDT	Adrabetadex Provider Economics and Adoption Risk executive brief: PowerPoint/PDF build with Navisync-style presentation treatment and preview checks.	4.0	\$200.00	\$800.00
Apr. 28 12:32 AM - Apr. 28 1:38 AM EDT	Adrabetadex Provider Net Cost Recovery Model concept brief: feedback-driven DOCX/PDF rebuild, letterhead fix, table-heavy reimbursement model presentation, and final PDF export.	5.0	\$200.00	\$1,000.00
Apr. 28 10:40 PM - Apr. 28 10:58 PM EDT	Adrabetadex concept brief comparison and QA report: content extraction, visual/page checks, difference report, and delivery flags for brief review.	2.0	\$200.00	\$400.00
Apr. 29 3:13 PM - Apr. 29 8:17 PM EDT	Adrabetadex ARM package refresh and training rewrite: consolidated provider/ARM billing references, shorter modules, claim-form materials, table/margin formatting, and full/executive deck rebuild around decision logic.	10.0	\$200.00	\$2,000.00
Apr. 29 8:27 PM - Apr. 29 8:35 PM EDT	Adrabetadex Modules A/B/C replacement: applied supplied source text into the three training-module DOCX files, patched the rebuild script, regenerated files, and verified required text.	2.0	\$200.00	\$400.00
Subtotal				\$13,900.00
Expenses				\$0.00
TOTAL DUE				\$13,900.00

Notes

- Line items are limited to Navisync, Adrabetadex, and Beren work. Unrelated JL Policy website, resume, SPUF, trading, and other project work is excluded.
- Hours are line-item allocations based on reviewed deliverable timestamps, repository artifacts, and available project/session records.
- Service period is March 18, 2026 through May 1, 2026. Line-item dates reflect available deliverable and session evidence within that period.
- No expenses are included. Payment instructions can be provided separately.
