

SPUF Publication Dossier

Date: April 22, 2026

Lead thesis

Part D sponsors appear to be moving selected low-cost generics to higher tiers in patterns consistent with economics defense behavior.
Guardrail: inference, not direct proof of realized margin.

Quarter-pair decomposition

2025Q3_to_2025Q4: matched 94.48%, add/drop 5.52%
2025Q4_to_2026Q1: matched 59.81%, add/drop 40.19%

Sponsor segments

churn_dominant: 111
mixed_high_activity: 110
mixed_moderate: 20
repricing_dominant: 185
